Introduction

1. The Global Removal Management Service (GRMS) section, within Movement Support Services, manages the removals contract on behalf of the MOD. The contract is currently let to Agility Logistics

Reason for DIN

2. Transit Insurance is reviewed on a regular basis within the removals industry and, as a result, the following list of items are prohibited for movement under the GRMS contract.

- Cash or Credit Cards;
- Ammunition (all kinds) and explosive (including fireworks and toy caps);
- Firearms, including antique weapons, replica firearms, sporting weapons, air rifles including pistols and similar weapons, knives (including Kukri);
- Dangerous or controlled drugs;
- Inflammable materials, e.g. paints, dyes, matches, solid fuel, fireworks, methylated spirits;
- Motor vehicles, motorcycles, mopeds, sit on mowers including parts or assemblies (one set of winter tyres are allowed, but must be clean and expectable for carriage);
- Internal combustion engines or any part thereof, other than those of go-karts, small outboard motors or conventional motor mowers (these engines must be purged and certificated by their owner before being included in consignments);
- Perishable foodstuffs, including frozen items;
- Any foodstuffs going into the USA or Australia;

- Cocoa, coffee or pure soluble coffee or mixed extracts (To and from Germany limit of 10 Kgs);
- Any item which, if it escapes or leaks from its container, could contaminate yours or another consignment;
- Compressed gas and aerosol containers of all types, including gas table lighters, charged sub-aqua air bottles, gas bottles, charged company gas cookers/stoves, heaters and lamps, hairsprays etc;
- Corrosive substances e.g. acids, alkalis, wet cell batteries, (dry cell batteries USA only), articles containing mercury such as barometers, thermometers, compasses and skis with mercury tips;
- Hazardous items classed as irritant;
- Oxidising materials, e.g. bleaching agents, peroxides and potassium chlorate;
- Poisonous substances, including pesticides, insecticides and weed killers;
- Indecent or obscene articles and items including books, magazines, films, videotapes, DVDs, and computer discs;
- Animals or birds including reptiles and aquatic creatures (whether alive or stuffed);
- Items derived from rare or endangered species including certain furs, ivory and reptile leather and articles made from them;
- Currency or currency instruments, including counterfeit money;
- Jewellery, watches, passports, travel documents, deeds and other important personal papers;
- Medals;
- Bulbs, plants and parts thereof, including trees, certain logs and timber, shrubs, fruit, raw vegetables, potatoes, lettuce seeds, tomato seeds and peas for sowing;
- Heavily magnetised articles including high-density diving lights;
- Radio transceivers or portable electronic equipment including walkie-talkies, microphones, micro bugs, and car mobile transceivers not approved for use at the destination. Power packs and/or batteries must be removed);
- Animal fodder (hay and straw);
- Timber (wood shavings unless correctly approved) and pottery kilns;
- Any items associated with a personal business venture;
- Surfboards, body boards, canoes (unless within the maximum dimensions (see JSP 800));
- Concrete/terracotta/marble statues or similar items (that are above the maximum weight limit of 30 Kgs);
- Pianos, antique furniture and valuable paintings (except when packed and unpacked at the Customer's expense);
- Cigarettes, tobacco or tobacco products, and
- Wines, spirits, beer or other alcoholic drinks.

Contact Details and correct staffing routes –

3. Movement Support Services (MSS) is responsible for the management of the contract itself and for measuring the performance of the contractor. It is not resourced to provide entitlement guidance and advice to individuals seeking removals. Unit Administration offices, or equivalent, should be consulted in the first instance. Further information and links to appropriate publications can be found on the website provided at Para d below.
